

Haydn Hampson and Frank Curzon Memorial Trophy

This years Haydn Hampson Memorial Trophy day will open classes up for a lot of other categories than the strict Scratch, Plan or Kit Built Warbirds that have been taking part the last two years. This time we will be having classes for ARF and Civilian models as well.

Of course the actual Memorial Trophy is still only open to the afore mentioned Scratch, Plan or Kit built Warbirds, And the pilot, has to have built the model.

But there will be prizes awarded also for the following categories.

- **Scratch, Plan or Kit Built Warbird Over 60 size (90 FS)**
- **Scratch, Plan or Kit Built Warbird Under 60 size (90 FS)**
- **ARF Warbird Over 60 size (90 FS)**
- **ARF Warbird Under 60 size (90 FS)**
- **Scratch, Plan or Kit Built Civilian Any Size**
- **ARF Civilian Any Size**

So, there are plenty of options for prizes in the next HH Memorial. But note, that the entrants must still be scale models of the prototype... That is, accurate or semi accurate scale outlines (not Flair Magnaitillas etc as models of Eidekkers).

Any power source is allowed - Electric, Glow or Petrol. Any scale is allowed... But you'll see above which classes they fit into.

Please note that this is not about flying skill, and it's not about building skill, it's about building and flying... in short, taking part!

There will also be a Bumper Raffle on the day with heaps of great prizes to be won. So even if you don't manage a prize in any of the classes, you can still be in the winning!

On top of all this, the day will also see the awarding of the inaugural Frank Curzon Memorial Trophy. This is a specific trophy to be awarded to the best World War One model flown on the day.
