

Haydn Hampson and Frank Curzon Memorial Trophy

The Haydn Hampson Memorial and Frank Curzon Trophy day classes have been simplified into the following classes.

- Scratch, Plan or Kit Built Warbird WW1 & WW2 (Hayden Hampson)
- ARF Warbird & ARF Civilian (Frank Curzon)

But note, that the entrants must still be scale models of the prototype... That is, accurate or semi accurate scale outlines (not Flair Magnaitillas etc as models of Eidekkers).

For either classes, any power source is allowed - Electric, Glow or Petrol. Any scale is allowed.

Please note that this is not about flying skill, and it's not about building skill, it's about building and flying... in short, taking part!

The winners of the Haydn Hampson and Frank Curzon trophies names will be placed on the perpetual trophies and retain in the club house. This way all will be able to see who the previous winners have been as well as each winner receiving their own personal trophy as a memory of their achievement.
